

What is Operation Safe Passage?

Operation Safe Passage includes concerned citizen volunteers who periodically stand, walk, wait at bus stops or drive along school "safe walking routes" while transporting their children to and from school. By just being there, they provide additional needed security, safety, and peace of mind for the children and their parents.

What is the result?

Operation Safe Passage is a program to protect children from being abducted while walking to and from school. In addition, it enhances pedestrian safety along safe walking routes and reduces opportunities for bullies to intimidate other children.

► Operation Safe Passage

With the support from schools, Parent-Teacher organizations as well as interested citizens, the Sandy City Police Department Operation Safe Passage Program is designed to provide increased safety and security before and after school for the children of our community.

Willing volunteers work directly with the Sandy City Police Department Crime Prevention Unit and will be invited to the Operation Safe Passage internet group.

Be part of the team

If you walk, stand, wait at bus stops, drive your children to school, or an interested citizen, you are halfway there to becoming a part of this program.

As a volunteer you wear the Operation Safe Passage Identification while walking, driving children to school or waiting with them at bus stops.

In addition volunteers:

- serve as eyes and ears for Sandy City Police
- learn to recognize and report to the police criminal activity
- attend abducted or lost child training to assist police when necessary

To become a volunteer come to the Sandy City Police Department to complete a background check and receive the ID badge

Once the volunteer has completed a background check and fingerprinting, they will be invited to our closed internet group for training and further instructions.

We welcome interested volunteers to participate with our Operation Safe Passage Program
